

“We suffer more in
imagination than in reality.”

- Seneca

StoicQuotes.com

class starts @ 9:00 pm

Agenda

- ① case study continuation
- ② Interview Questions [SQL, Spark, case studies]
- ③ How to prepare for interviews? [resources]

Case Study Continuation

1. Spark script for order details
2. Basic SQL query for Data analysts on top of your parquet files

Batch based case studies → Kaggle [photography, cricket, mental health]

Idea 1: Photography [Project for downstream]

Idea 2: Cricket [Asia cup]

Break: 10:10pm

Interview Questions

Structure of Interviews

- ① Telephone round : HR [matching your skills to req]
- ② Technical round : sense [DSA] + SQL
(medium LC), Binary search, Trees, Graphs, Hashing^{map}
- ③ Technical Round 2: SQL + Requirement [spark]
- ④ Technical Round 3: Machine coding Round [product]
- ⑤ Technical Manager : Your Project, Case study^{based}
- ⑥ Behaviour Round

Important topics

partition by order by

SQL : Medium to Hard [CTE, window function]

↳ Hacker Rank, leetcode

DSA : Binary search, Math, Trees, Graphs, HM, strings

↳ leetcode, Neetcode

Data Engineering :

Distributed storage [GFS, HDFS, S3]

Distributed Processing [Spark, MR, Glue]

cloud based services [AWS (S3, Redshift,

certified AWS

GCP

Snowflake, Glue, Athena, Kinesis)

Databricks, GCP (BigQuery)]

Data Modelling: Star vs Snowflake vs Galaxy

Golden Data

Data Warehouses: Data Lake: Data Lakehouses

Case Studies:

① \$300, \$200 credit in majority of cloud

② Practice Spark Databricks Free Edition

③ Laptop [16GB, 256GB, CPU]

Spark, Kafka, Flink → Local

Docker Image

Use AI for Docker Images

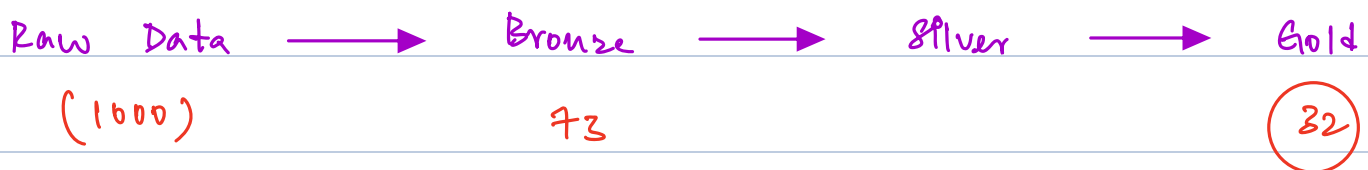

1. Install Gemini CLI

2. use Gemini to create Docker compose

Warning: It will fail

How to prepare for Interviews?

- ① shortlist companies [Bank, Financial sector, Consulting
Startups]
- ② keep notes handy and prepare for each round of Interview
Go with referral, (1 out of 15)
- ③ Apply through different Portals
- ④ Use notes & Flashcards to prepare for your specific round
- ⑤ You should be clear with your own project
Description, First Project
- ⑥ Always keep learning
